

LOCAL AND PERSONAL.
There are 11 inmates at the almshouse at Ebensburg.
A number of Ebensburgers visited the city on Monday.
A heavy frost in this locality on Monday morning.
A supply of water coal about the city.
Mrs. Margaret Healy died at her home on Wednesday, aged about 65 years.
The deceased was proprietress of the Union Hotel, where she had been a resident for a number of years. She is survived by six children. Her remains were interred at Summit.
On Friday night dogs killed a number of sheep for Hugh Edwards, of Cambria township, and a few nights after the flock of Woods Thomas in the same neighborhood was attacked and several killed. Mr. Thomas heard the dogs after the sheep and succeeded in shooting one of them.
Now that you have registered and have been assessed, the next thing to be attended to is the payment of your tax. Examine your receipts and see whether you have one dated November 1st. If you do, and you are over 22 years old, you may pay a county or state tax before October 31st.
Rev. D. M. Gemmill will be installed as pastor of the Cresson, Presbyterian church on October 15th. Rev. W. W. Woodard, of Gettysburg, will preach the sermon. Rev. E. M. Reiser, of Ebensburg, will deliver the charge to the pastor, and Rev. C. C. Hays to the people.
A typhoid fever epidemic is raging out near Rochester Mills, Indiana county. There are 11 cases in the immediate vicinity of the town and many more in the surrounding country. The physicians are at a loss to assign a cause for the disease. The first case developed about five weeks ago.
Fourteen bridges, to be used by the Pennsylvania Midland Railroad, have been ordered by the contractors. The Edgemoor iron works, of Wilmington, Del., has the contract, and as the bridges are wanted as early as possible, the work is running day and night, with a force of seven hundred men.
Mr. C. A. Shambaugh, the popular clothier of Carrolltown, has a change of address. In this issue of the FREEMAN. Once a customer of Shambaugh's you will always remain one, as he sells nothing but the best goods, and you can rely upon being dealt with in such a fashion that you will be sure to go back.
Last week the array of jurors in the Westernland county court was quashed for the reason that the jury wheel had not been kept in the possession of the jury commissioners as the law required, but was left in the possession of the sheriff. The result of this is a quashing of all bills of indictment found by the grand jury in which trials have not been held.
J. C. Durman found a stone tomahawk head on one of the old Durman farms in Mifflin county that is well shaped and beveled very accurately to a blade edge, rounding at the top. It is composed of a flint or creek stone, and is very smooth and weighty. The weapon was found near a spring where a number Indian arrows have been found at different times.
The state board of health has adopted the rule that any or all persons who suffer from typhoid fever or such contagious diseases are to be kept out of the public schools for six weeks from the time they also to disclose, and all other children in the family who have the disease exact cannot attend the school until 14 days after the physician has pronounced the patient well.
Some time during Monday night the grocery store of H. A. McPike & Co., 1429 Eleventh Avenue, was entered and robbed of nine cents taken from the money drawer, several cans of corn beef, cheese, etc. Entrance was effected through the doors leading into the store from the rear and the work was evidently done by some one conversant with the surroundings.—*Altoona Times.*
A friend in speaking of the weather had for the past month tells us that during the night of September 27, 1901, snow fell to the depth of 18 inches, although it had been warm weather with no frosts up to date and very nice weather the week following. The snow broke down great quantities of timber and made it difficult traveling for several weeks after.—*Indiana Messenger.*
Charles Riehl, a former resident of Johnstown, where for twenty years he worked for the Cambria Iron Company, was who left the city three years ago to accept a place in the steel works at Homestead, committed suicide at his home in the latter place on Tuesday evening while under the influence of liquor. His remains were taken to Johnstown on Wednesday for interment.
The jumping bean which is at present being widely exhibited in store windows, is the seed of a Mexican plant called the milk weed plant. The seed owes its jumping habit not to any quality of its own, but to the larva of a small moth which inhabits it. Theaucous movements of the larva cause the seed to roll about a flat surface and even to jump a slight distance in the air.
A deposition of cinchona is recommended as a drink to be taken freely in localities where there is typhoid fever or cholera, for cinchona has the power to destroy all infectious microbes. Even its scent kills them, while it is perfectly harmless to human beings. It is said that in a sick room, will kill typhoid bacilli in twelve hours and prevent fresh cases.
William Freeman, who last July shot and killed George Timbalake at a hotel in Mt. Pleasant and who was on trial at Greensburg, was found guilty of murder in the first degree on Thursday morning of last week, the jury being out all night. A motion was made for a new trial on the grounds that the jury was illegally drawn. He was not affected in the least on the announcement of the verdict.
A warrant was issued last Monday for the arrest of Sheriff Britton, of Crawford county, on a charge of perjury, on information of W. B. Hoag. Mr. Hoag was a candidate for the nomination against Britton, and charged that Britton promised to pay him part of the receipts of the office, and that in taking the oath of office he committed perjury. Hoag feels confident of having evidence that will convict Britton, and is confident that he will.

The Democrats of Carroll county, Maryland, on Monday, adopted resolutions endorsing President Cleveland, demanding a tariff for revenue only, declaring that the Democrats of Maryland are united to represent the Democracy of Maryland, and asking for the election of United States senators by direct vote of the people.
Every owner of a peach tree in this county who desires to put it through the winter safely should cut the tip end of the branches which have grown that season at once. Cut them back about six inches; it will stop the growth and have the effect of hardening the wood so the trees will stand the frosts of winter better.
The time for killing the different kinds of game as fixed by the state laws is as follows: Deer, October 1 to December 15; coon, October 1 to January 1; rabbit, November 1 to January 1; hunting or killing of rabbits with ferrets prohibited; turkey, October 15 to January 1; woodcock, July 1 to January 1; quail, November 1 to December 15; grouse or pheasant, October 1 to January 1.
Mary A. Pope, a woman who had been employed as a cook at one of the hotels in Patton, on Tuesday last week, hired a team and buggy from Liverman Dale, of Patton, to go to Chest Springs. Failing to return on time and leaving that the woman had taken another direction, the liverman after a two days search recovered his team at Flynn City, where it had been taken charge of by W. A. Chaplin, who lived at that place. The woman had disappeared.
Constable Orr, of Millwood, arrived here Wednesday morning, having in custody a young man named Jacob E. Neads, a railroader of South Fork, formerly with headquarters at Derry, who is charged by Justice S. B. Moorhead, of Derry, with the murder of one of the professors of the Ida L. Fleming, daughter of Oregon Fleming, of Millwood. The defendant was arrested at his home and in default of \$500 bail was committed to jail.—*Westmoreland Democrat.*
Lack of orders has caused a slight decrease in the output of coal at South Fork and along the mountain district, caused principally by the rush made to the market during the month of August. The Stinemann Coal Company was not running full time last week, but hopes to resume usual average in a short time. Lukens & Haupt worked about two days during the week, as did also the Euclid, the Argyle, Aurora, Dunlo and Conemaugh companies have also run below their average.
The possibilities of what a mountain girl can do is the following claim made for one who lives upon the East Kentucky railroad, near Wilson. From April 2 to June 1, this year, she planted three acres of potatoes, did all the cooking and sewing for the family, milked four cows, fed the calves, pigs and chickens, set three poles and four chicken hawks, set the dogs on 15 traps, attended 13 dances and 13 picnics, read 3 dime novels, and sat up 4 nights in the week with her bean, and yet we often hear the question asked: "What is there for woman to do?"
Judge Yerkes, of the Bucks county court, promulgated an order of court last week, whereby the terms of the rate should adopt without delay. It regulates the granting of naturalization certificates. Hereafter notice of an intended application for such a certificate shall be published for two weeks in two county papers, naming a day certain when the matter will be heard in court, and during that period any five citizens may file a remonstrance against the application. No public officer, candidate for office, or member of a political committee will be accepted as a voucher unless by leave of court for good cause shown.
On account of the levying of a tax on incomes, the commissioner of internal revenue will appoint three additional officers for this section of Pennsylvania. The salaries for the officers range from \$2,000 down to \$700. All persons receiving an annual income of over \$1,000 a year come within the provisions of the tariff law. From now until January 1 all such may figure how much they will return to the collector, to be taxed at the rate of 2 per cent. It is this special work which requires an extra force of men. Collector Keenan, in charge of this district, gives assurance that no one subject to taxation will escape the law if he can prevent it.
On Thursday of last week while out hunting, Wm. Corl, of Pavia, Bedford county, accidentally shot Charles W. Syong, of Blue Knob. Syong was watching a squirrel when Corl saw him and moving through the underbrush, and mistaking it for a turkey, took careful aim and fired. The ball struck W. Syong about the right eye and lodged back of the left ear. Dr. J. W. Wengert probed for the ball but was unable to find it. Dr. Armstrong, of Lilly, was sent for. He cut out the ear, saw a piece of bone away and got out the bullet. The boy was resting quietly when the doctor left, but from the nature of the wound cannot recover.
The Altoona Second National Bank, whose doors were closed on Wednesday, August 27, by the closing of Bank Evans and Miller, was thrown open on Monday morning for the transaction of business. No money was paid out, but the confidence in the bank and its officers and directors was shown by the large number of deposits. In few days the bank will be ready to cash checks. No checks, however, will be honored upon accounts that have not been balanced and verified with the pass books. Bank Examiner Heinlein is still in charge. Frank Haskins is the new cashier. E. K. Baldrige, the bookkeeper, and W. H. Allen, clerk.
The Clearfield, Conemaugh and Western railroad that is now being talked of and in all probability will be built, will start at Porter's, a point on the Beech Creek railroad in Clearfield county, will follow the Clearfield creek up to a branch called Mudlick creek in White township, thence by way of Baker's cross roads to the Chest creek at Patton, thence up one of the branches of Chest creek to the divide where it will either take one of the branches of the Blacklick or Conemaugh to Johnstown. The opinion prevails that work will be commenced in a short time and that it is the Beech Creek Company which is the controlling influence in building the road.
Last winter a cow belonging to Thos. R. Barber, a farmer at the lower end of Huntingdon county, swallowed an ordinary table fork. It made the animal sick, and not knowing what the trouble was, Mr. Barber treated her for various diseases, until recently upon discovering a lump on the left side of the cow back of the front leg, made a close examination of the spot and found three sharp points protruding through the skin. Failing in an effort to extract them himself, the services of Porter's, a local veterinarian, were secured and the fork was extracted. The fork was one that had been lost from the house and is supposed to have been fed to the cow with some peedings. It is a steel fork with black ebony handle and was as bright when taken from the cow as if it had just been secured.—*Hollidaysburg Standard.*

A New Railroad.
The Pittsburgh Dispatch a few days ago published the following special in regard to the building of a new railroad from Mahaffy, in Clearfield county.
Greensburg, Sept. 26.—Information given out here this evening by parties on the inside goes to show that the long-talked-of Loyalhanna and Youngloughby railroad is an assured fact. The line will be in operation in connection with the Philadelphia and Pittsburgh railroad, surveyed and located through Indiana county. Both lines practically constitute the Beech Creek extension from Mahaffy, Clearfield county, to Sewickley, on the Pittsburgh, McKeesport and Youngloughby, and will use the Pittsburgh and Lake Erie terminals at Pittsburgh.
The financial head of the undertaking is John Pitcairn, of Philadelphia. He is assisted by a number of Pittsburgh people prominently identified in railroad circles. One of the routes surveyed and located in which the Vanderbilts are interested is a line from Mahaffy to Sewickley, on the Pittsburgh, McKeesport and Youngloughby, and will use the Pittsburgh and Lake Erie terminals at Pittsburgh.
The road will make an outlet from the Connetquot region to the seaboard, the lakes, Canada and the West. The seaboard route will be 25 miles shorter than that of the Pennsylvania road. The road will enter this county at the mouth of the Loyalhanna creek, follow the creek to the mouth of Nine Mile run, near Latrobe, crossing Summit near Lyleypits, and down the Sewickley to its mouth.

Some Facts Relating to Public Sales.
The Reading Times furnishes the following bit of reasonable advice:
As there are a great many public sales of personal property throughout the country at every season of the year, we call the attention of auctioneers and vendors to a few facts. In a sale by auction there are three parties, namely, the owner of the property to be sold, the auctioneer, and a portion of the public. The auctioneer is to be sold without reserve, and unless the vendor reserves one open bid he cannot bid himself or have the auctioneer or anyone else bid for him. There are cases on record where a bid was not reserved, and the vendor had a bidder who bought it in, and afterward the vendor brought an action against the bidder for the purchase money, and the vendor by the highest outside bidder for the article, and it was decided that he, the plaintiff, was the highest bidder and entitled to the article against the vendor. So, also, if an article is struck off to a person, and it is afterwards ascertained that the vendor or auctioneer practiced fraud by holding himself, or had puffers, it was held both by the courts of England, and so repeatedly decided by the supreme courts of Pennsylvania, that the purchaser as soon as he discovered the fraud practiced upon him, must return or tender the articles to the vendor.
